Wellness Policy

One of the advantages of boarding your pet at a veterinary hospital is that medical attention is readily available should the need arise. If your pet becomes ill, we will contact you at the provided phone number or call the emergency contact you provide below to discuss symptoms and treatment option for your pet

It is our policy that your pet goes home in the same condition as they arrived, if not better. Therefore we offer a bath (\$23.77), nail trim (\$25.00), and anal gland expression (\$30.00) that can be performed during their stay. Please check the services below that you would like for your animal. Please note, a bath may be required under some stinky circumstances. Cat baths will be done with a waterless shampoo and brush. If your pet gets too anxious or aggressive while services are being done we will stop and not complete the service.
